Mob: +91-9130175509, | E-mail: anadhav1993@gmail.com, | Bengaluru, Karnataka, India

OBJECTIVE

Software Test Engineer with 3 years of hands-on experience in **manual** and **automated testing** using **Selenium** with **Java**. Proficient in **Hybrid frameworks**, **TestNG**, **Maven**, and **POM** design patterns. Experienced in **Functional & Non-functional** testing, **Sanity**, **Smoke**, **Re-testing & Regression** testing, **Database** testing using **MySQL**, and **REST API** testing with **POSTMAN** and **Rest Assured**. Familiar with **JIRA**, **GitHub**, **Jenkins**, and **BDD Cucumber**. Seeking challenging opportunities in software testing.

SKILLS

- **Programming Language:** Java
- **Test Automation Tool:** Selenium
- **Database:** MySQL
- **Web Service Testing Tool:** POSTMAN, Rest Assured Library
- **Testing Types:** Manual Testing, Automation Testing, Database Testing, Web Service Testing
- **Frameworks:** Hybrid Framework, Data-Driven Framework (DDF) with POM (Page Object Model), TestNG and Cucumber style.
- **Version Control:** Git, GitHub
- **CI/CD Tool:** Jenkins
- **Test Management & Bug Tracking Tool:** JIRA

PROFESSIONAL EXPERIENCE

 **Software Test Engineer at Solutions By Text Pvt Ltd, Bengaluru.**

(Dec 2021 – Present)

- Managed and executed the **software testing life cycle** within Agile environments using JIRA for defect tracking and project management.
- Performed comprehensive **manual testing** including **Regression**, **Smoke**, **Sanity**, **Functional**, and **Non-Functional** testing. Developed and executed automated test scripts using **Selenium WebDriver**.
- **Analysed user stories, created test scenarios, designed test cases, and executed** them efficiently. Enhanced test scripts with parameterization to increase test coverage.
- Developed and maintained **Data-Driven** and **Hybrid test automation frameworks** using **Page Object Model (POM)** with **TestNG**, improving automation efficiency and test accuracy.
- Handled web elements through **XPath**, **dynamic XPath**, and advanced techniques like **popups**, **mouse actions**, **iframes**, and **keyboard** actions. Integrated **Excel** data using Apache POI.
- Conducted **REST API** testing using **POSTMAN** and **Rest Assured** to **validate response time, status codes**, and schema. Executed **SQL** queries (DDL and DML) for database testing in **MySQL**.
- Utilized **Maven** for project management, **Git/GitHub** for version control, and **Jenkins** for continuous integration, integrating automated tests into CI/CD pipelines.
- Logged and tracked defects using **JIRA**, ensuring timely issue resolution. Generated detailed test reports with Extent Reporter and XML, providing insights into test coverage and results.
- Collaborated with developers, product owners, and stakeholders to ensure software quality throughout the development lifecycle. Actively participated in agile ceremonies and peer reviews.
- Worked on projects in the Retail and E-Learning domains.

1. **Project Name : Learn Interactive. Domain: E-Learning**

Roles & Responsibilities –

- Understand the requirements and clarify the doubts with PO design scenario, create and execute test cases.
- Performed Sanity, Smoke, Retesting, Regression testing, Functional testing manually.
- Perform database testing by execute SQL queries for getting data from the database to do testing.
- Logging the bugs in Defect Tracking Tool.
- Provide the Test summary report.

2. Project Name : Tommy Hilfiger. Domain : Retailer

Roles & Responsibilities –

- Understand the requirements and clarify the doubts with PO design scenario, create and execute test cases.
- Performed Sanity, Smoke, Retesting, Regression testing, Functional testing.
- Automate the regression test cases by using the selenium web driver with java and execute them.
- Create page object model (POM) class, Test class and implement TestNG Hybrid framework with Web driver.
- Maintain the automation test script by Git-GitHub and Jenkins.
- Generate report and send to the higher authority.
- Logging the bugs in Defect Tracking Tool.
- Participate in meetings, co-ordinate with the developers to discuss open issues and communication.
- Propose improvements to current practices ensuring that approved enhancement are fully implemented and the repeat errors are eliminated.

EDUCATION

- B.Tech from MIT College, Sambhaji Nagar in 2015 with 71%.

OTHER INFORMATION

- **Date of Birth:** 13/06/1993
- **Marital Status:** Married
- **Languages Known:** English, Hindi, Marathi
